

RESTORED BEAUTY  
GETAWAYS –  
FOR YOUR MOST  
UPLIFTING  
HOLIDAY EVER!

## Sun, Sand & Surgery!

Does your checklist for cosmetic surgery include:

- the very best surgeon and medical team available
- uncompromising follow-up care
- a genuinely affordable price

... and the holiday of a lifetime?

**R**estored Beauty Getaways is helping men and women fulfil their dreams to achieve appearance enhancement safely and affordably while enjoying the holiday of a lifetime. It's a new concept, but one that is gaining increasing popularity within Australia and New Zealand.

Jo Hueston, Restored Beauty's New Zealand director says there's a common misconception that medical tourism is risky and that lower costs mean a lower standards of care, but as Jo explains, quite the opposite is true, "Restored Beauty Getaways works closely with some of the most advanced and accredited medical facilities in the world. The surgeons and specialists that we recommend are the absolute best with a standard of follow-up care that is often not available within New Zealand and Australia, even within the private sector. Our long waiting lists, stressed nursing staff, overworked doctors and under-equipped facilities often mean patients get sent home for recovery before they feel ready."

From hair transplants and dental surgery to face lifts and breast augmentations, more and more people are travelling abroad for their aesthetic procedures. Great exchange rates, tax-free procedures, and lower running expenses means the costs of medical procedures abroad are significantly lower. Generally, the costs of procedures are about one-third less than those in New Zealand and Australia. For example, a breast augmentation that may cost between \$10,000 and \$14,000 in New Zealand would cost around \$3,700 - \$4,990 in Thailand.

Add in the holiday of a lifetime, surrounded by sunshine and luxury, and it's easy to see why so many are choosing Restored Beauty Getaways for a truly life changing experience. ◆
